Angel MedFlight is a leader and innovator in air ambulance service, streamlining the medical transfer process for our patients, their families and the case managers who care for them. With Bedside-to-Bedside® service, the Angel MedFlight team safely transports patients from across the country or around the world, delivering unparalleled patient care. But we are more than a transportation company. We are a team of healthcare, aviation and legal professionals who are dedicated to exceeding our patients' expectations and fulfilling our promises. In the midst of a medical crisis, we are the reassuring voice on the other end of the telephone any time of day or night, every day of the year.
